ROHADFOX CONSTRUCTION CONTROL SERVICES

Rohadfox Construction Control Services Corporation (**ROHADFOX**) is a professional services firm offering Construction Management, Program Management, and Engineering Design services. Founded in 1976, **ROHADFOX's** quality of work, integrity, and commitment has built decades-long relationships, maintaining a solid reputation as a leader in the industry serving the aviation, facilities, transit/transportation, and water and wastewater markets. **ROHADFOX** is headquartered in Atlanta, Georgia, with regional offices throughout the United States.

With over 40 years of industry experience, we apply a wealth of best practice knowledge to any project, giving us an advantage that directly benefits the success of our clients. Our project team works diligently with clients and design teams to analyze program and design alternatives and propose suggestions that provide value and reduce cost. **ROHADFOX's** success is firmly based on our commitment to completing every project on time and within budget, regardless of size and complexity.

In addition to design and construction support, we evaluate existing civil infrastructure utility systems to determine available capacity, reliability and maintenance requirements.
